The Fruitful Market ships fruits and healthy items right to your doorstep. The idea for the Fruitful Market evolved during the COVID-19 pandemic to be a safe alternative to get fresh fruits while avoiding unsanitary or crowded super-markets or farmers markets. Inspired by our knowledge and expertise in fresh fruits and food safety, this box was envisioned to bring the farmers market fruit bounty right to your doorstep, to keep you and your family safe and healthy. We take every precaution for handpicking and handpacking each piece of fruit for each box. We offer one-time purchases, subscriptions, & gift cards for our boxes.

We grow our fruit on our farms in Central California's San Joaquin Valley, and during our off-season we only import from our trusted network of growers in South America on select items. We hand-pick only the best quality fruit in each hand-packed box.

Each of our boxes are hand-picked and shipped to order. We process orders Mondays and Tuesdays with up to 2-day shipping to ensure the freshest fruits. We avoid delivery on Friday and weekends as to protect your fruit and products. We want to ensure your shipment arrives during the week while the fruit is at the peak of freshness and quality.
